

Business program

Save money, reduce carbon emissions
Zero Carbon Moreland is an initiative of Moreland Solar City

What can Zero Carbon Moreland do for my business?

The Zero Carbon Moreland program assists your business to reduce carbon emissions and save money by providing:

- free expert advice
- a tailored action plan specific to your business
- information about the latest environmental programs and rebates
- access to resources and training services

Your business will also be promoted through the Zero Carbon Moreland communications program, raising your profile throughout the local community.

Join Zero Carbon Moreland now!

It's free to join Zero Carbon Moreland. Contact Moreland Energy Foundation Limited (MEFL)

Australian Government
Solar Cities

Zero Carbon Moreland is Moreland Solar City's community engagement campaign to reduce community emissions to zero net. Moreland Solar City project is part of the Australian Government's Solar Cities Program. Led by the Moreland Energy Foundation, it is a partnership with Moreland City Council, the Brotherhood of St Laurence and Sustainability Victoria.

For small businesses

Join Zero Carbon Moreland to receive:

- A carbon footprint assessment of your business.
- A free consultation with an Eco Smart Electrician to identify opportunities for your business to reduce energy use and costs.
- A practical, tailored action plan to reduce carbon emissions and save you money.
- Support to implement your action plan.
- A re-measurement of your carbon footprint to demonstrate the reduction in your carbon emissions and costs.
- Promotion of your business to the local community.

For medium & large businesses

Join Zero Carbon Moreland to receive:

- A free energy audit to identify your key energy efficiency opportunities and provide indicative business benefits and costs for efficiency improvements.
- A practical, tailored action plan to reduce carbon emissions and save you money in areas of high energy use.
- Support to implement your action plan.
- Access MEFL's expertise, training services and links to industry and government to assist your business.
- Promotion of your business to the local community.

What is Zero Carbon Moreland?

Zero Carbon Moreland is a community action program run by Moreland Energy Foundation Limited (MEFL). The program aims to sign up 10% of the Moreland community to reduce carbon emissions by 20% by the end of 2010 and save money along the way. Already over 1000 households and 50 businesses have joined.

What is an Eco Smart Electrician?

An Eco Smart Electrician is a professional licensed Electrician, qualified in all aspects of electrical work and fully trained in energy efficiency practices. This training enables them to advise you on the best products, technology and installations to reduce your energy use and carbon emissions.

What is Moreland Energy Foundation Limited?

Established in 2001 with support from Moreland City Council, the Moreland Energy Foundation Limited (MEFL) is an independent not-for-profit organisation delivering programs to reduce Moreland's carbon emissions. MEFL's Zero Carbon Moreland program is part of the National Solar Cities program funded by the Federal Government.
